Newsletter #25 2019

26 July 2019

Dear Parents

In Assembly this morning we were addressed by Hayley from the Two Oceans Aquarium. She is an activist for stopping all forms of single use plastic. The big offenders in our lives are plastic water bottles, straws and plastic bags. She said that a survey done in 2015 indicated that only 9% of this type of plastic was recycled with 16% being burnt and the remaining 75% ending up in landfills, where it does not degrade.

We were not surprised to learn that the two biggest polluters of our oceans are China and Indonesia. However, we were shocked to hear that South Africa is 11th on that list. We were informed that the big problem in the sea with plastic is that it breaks down into 'microplastics'. These small particles are then ingested by fish and other sea animals and so passed up the food chain.

At school our Environmental Club has already launched a whole school recycling programme. Following this presentation, we are all inspired to do more. Our mission is to start by eradicating the use of these plastics from our school. A first step is to not take a plastic bag to the shops when we buy stuff.

Cara Kahn (Governor in charge of Past Pupils) also presented to the school the shopping bag (made from recycled material) that the Past Pupils Association is going to sell. The bags look good, they are branded 'Camps Bay High' and are being sold for R30. Some of this money will be given to the Environmental Club to purchase more recycling bins. If you would like to purchase a bag, members of the Environmental Club and PR team will be selling at school, alternatively you can purchase at the uniform shop.

SOUP KITCHEN TAKEOVER

To round off our Mandela Day Activities, we "took over" the Ladles of Love Soup Kitchen at The Haven Night Shelter in Green Point. Ms. Samu, Mrs. Motha and the Catering Society Team members prepared the most delicious meal for our guests at the soup kitchen - thanks to the generous donations from parents for the purchase of ingredients. A group of students, teachers and staff then went through in the school bus to serve to Ladles of Love's guests. It was a very busy soup kitchen with over 400 meals served in an hour. All of our staff and pupils who attended, thoroughly enjoyed the experience and are looking forward to doing this again soon. This is possible as we still have money left over from all your generous donations.

ENVIRONMENT CLUB BEACH CLEAN UP

Our eco-warriors from the Environment Club cleaned up Princess Beach in Maiden's Cove yesterday afternoon to round off #PLASTICFREEJULY.
