

CAMPS BAY HIGH SCHOOL

Newsletter #20 2019

31 May 2019

Dear Parents

We have just settled into the change of pace that the exams bring to our school, when we find ourselves in the last week of exams. At the end of this newsletter is a draft programme of how the term will end. Just to remind you that teaching and learning will take place from Monday to Thursday in the last week of term and so your children must come to school each day in that week. The only change is that we will close school at 1 pm each day. As I mentioned in a previous newsletter, we aim to use these exams as a formative learning process, and so after the exams some teachers will spend a lot of time going over the papers. In other subjects, like Maths, the review will be shorter, and new work will be started in the last week of term.

LEARNER ACHIEVEMENTS

We have another pupil from 1st Camps Bay Scout troop who will be attending the World Jamboree in 2019. So congratulations to Kelwin Sandeman and Dominic Holling. We looked forward to hearing of their experiences.

We were very proud of Megan Fennell when we learned that she had made the Cape Schools Netball Team.

PIXELATING THE TRILL ROAD SUBWAY

Last Saturday, a number of our pupils assisted past pupil and renowned artist, Tanya Bonello, with a community arts project in the Trill Road Subway in Observatory. Tanya has been the leading visionary behind this project and the plan is to roll this out at other subways in Cape Town suburbs. Work on the project will continue this Saturday, 1 June from 10am onwards. Please feel free to come and paint for an hour or two.

CANON SCHOOLS PHOTONET LAUNCH

10 of our students interested in photography attended Canon's Roadshow last Saturday - held at the CTICC. At the roadshow, they announced the launch of their exclusive, students only online forum – Schools Photography Network(www.schoolsphotonet.co.za). The Schools Photography Network was created as a platform for aspiring photographers to share their work with their peers, find out more about photography as a career and to interact with professional photographers. It is also a fantastic way for South African school photographic clubs to interact with one another.

The site works on an invite-only basis and students need to register before they are able to access any content on the site. All registrations go through a strict vetting process in order to ensure that users are indeed part of a school.

If your child is interested in photography, please encourage them to join, as we believe that the platform will be truly beneficial to their photographic career. There are also some great prizes to be won for both the school and students!

Camps Bay High School is proud to be associated with Bright Start Education Support & Mentoring Programme, and a number of CBHS learners are able to attend our school through this initiative, which is doing such good work facilitating a top quality education for disadvantaged children. Bright Start is hosting a Halloween party fundraiser on 1 November at Suikerbossie, all the proceeds of which will go towards the school fees of their CBHS children. It promises to be a great (grown-up) night out, at a superb venue, and we would like to encourage our parents to support it, and also help us spread the word amongst family and friends. This is also a great opportunity for businesses to benefit from a tax deductible executive year-end function, as well as receive B-BBEE points for Social Development Spend, all while enjoying Suikerbossie's legendary hospitality, together with the generous support of Cape Town Balloon & Event Company, party-planners extraordinaire. This is a night not to be missed!
